Making Your Vision a Reality

If you can imagine it, Gold Medal can help you achieve it. As the world’s leading concession equipment and supply manufacturer & distributor, you can trust in the quality of our products. Plus, we go the extra mile with service and resources to help you be successful long-term.

Gold Medal delivers:
- Fun food products such as popcorn, cotton candy, Sno-Kones®, and more, that offer proven profitability, averaging margins of 70-80%
- Quality craftsmanship in our equipment with a focus on being safe, user-friendly, and strong in performance
- A commitment to training, service, and support that goes beyond the sale
- A rich, industry-leading website with resources like articles, recipes, eBooks, how-to’s, and more
- The reliability and value of an international network of distributors

When you put your trust in Gold Medal, you receive more than a product. You have our dedication to providing solutions that will get results.

Every business is unique, and we look forward to consulting with you to find the right plan to meet your specific needs. Get started by browsing our catalog, visiting our website, and connecting with one of our concession specialists.

We invite you to discover the Gold Medal difference!
The year was 1931. With just $2,000 and the strong work ethic of founder, David C. Evans, Gold Medal was born. What started with simple drink concentrates has evolved into a full line of concession equipment and supplies including popcorn, cotton candy, Sno-Kones®, and much more.

A lot has happened in our history. The third generation of the Evans family now leads the company and the fourth generation is working here as well. From our humble beginnings, we’ve grown to over 500 employees supporting efforts from engineering to manufacturing, marketing to customer service. We’ve been at the forefront of industry innovations, creating new products, continually improving processes, and above all, serving the needs of our customers. Put our experience to work for you. Whether you’re new to Gold Medal or a decades-long, loyal customer, we will help you get the most out of your concession business.

We’re proud Gold Medal is trusted as the industry’s leading supplier. And we are committed to continuing to earn your trust by providing top quality products, service, and support. Together, we will keep making history, now and in the future. You can count on us to deliver snacks, smiles, & success!

Celebrating More Than 89 Years of Snacks, Smiles & Success!

Snacks, Smiles & Success!
Introducing…

As the leader in the concessions food industry, Gold Medal is proud to announce the launch of our latest initiative – the Pure Snackin™ line of products.

Created in response to the needs and expectations of a growing health-conscious consumer base, this line of products will encompass:

- Organic
- Clean Label
- Natural
- And More

The heart of the Pure Snackin™ concept is simplicity. Every customer has a right to understand what is in the products they purchase so they can make informed choices. Simple, more familiar ingredients, transparency in the wholesomeness of ingredients, and a lack of artificial ingredients are examples of the standards set for Pure Snackin™ products.

Pure Snackin™ means providing customers with more options. This will not change Gold Medal’s traditional award-winning and bestselling products. Rather, it opens new opportunities. In that spirit, we will continue to develop products that are built around these principles:

- A simple and short ingredient list that is recognizable and easy to understand
- Ingredients that contain no artificial preservatives, colors, or flavors

This will be an ongoing effort. Gold Medal will continue in our commitment to earn trust while growing and responding to consumer expectations.
We are excited to introduce the current products available in the Pure Snackin™ line:

- #9035 Organic Monster Mushroom® Popcorn
- #9032 Organic Tastee Pop® Popcorn

As development continues, look for more products to be added!
PowerOff® Control
One of our most popular safety features, PowerOff® Control means operators can rest assured knowing their machine will automatically turn off after 15 minutes of idle time. It resets each time a batch of fresh corn is popped. It also:
- Eliminates wasted electricity during idle times to cut down on energy bills
- Reduced heat and wear on the kettle extends the life of the heating element

**Key Popper Features Quick Reference Guide**

**PowerOff® Control**  A popular safety feature that automatically turns off a machine after 15 minutes of idle time. See the previous page for more PowerOff® Control information and models.

**E-Z Kleen Kettles**  The secret behind the E-Z Kleen Kettles is the stainless steel cook surface. It’s simple to maintain and the long-lasting performance ensures great-tasting popcorn every time.

**Fire Suppression**  Vent hoods and fire drops can be costly additions. Now, you can protect yourself with the highest level of safety in industry-tested PopClean® poppers with the built-in Fire Suppression System. Ideal for theaters, arenas, stadiums, and more. **Fire Suppression is standard on all PopClean® poppers.**

**Big Eye Electronic Heat Control**  How much could an extra set of eyes benefit you? In this case, the Big Eye Electronic Heat Control automatically monitors the temperature, providing you with increased precision and control.

**Brute Force Motors**  Gold Medal has strength where it counts. Large, powerful drive motors mean you have popper performance you can rely upon.

**PopClean®**  Gold Medal offers the highest level of filtration with PopClean®. This unique integrated system functions by trapping and filtering steam smoke and oil vapors created during the popping process. Yet, you’ll still enjoy that irresistible popcorn aroma! Originally designed with cinemas in mind, this filtration protects digital projectors, menu boards, and other sensitive equipment. Meets stringent emissions requirements of UL 710B/EPA 202 (5mg). PopClean® has earned the FDNY Certificate of Approval #5830. Ask your Sales Representative for details.

**Twin-Arm Suspension**  Operator safety is the top priority of the double-hung, twin-arm kettle suspension. It prevents accidental oil spills and gives more work room within the cabinet.

**Flexipop®**  It’s like two poppers in one! Pop half batches during non-peak times, then flip the switch to pop twice as much for high-demand periods. Your absolute best bet for high-efficiency productivity!

**Uni-Maxx®**  Get the performance you need with a unified kettle and heat element, working together to provide the lowest energy consumption and maximum popping capacity.

**Advanced Touch Screen Controls**  This intuitive 7” touchscreen display panel is simple to use and provides operators the ultimate user experience. Operators enjoy upgrading to the Advanced Touch Screen Controls because of key features and benefits including: customizable mode of operation; easier to use and train employees; the ability to program and customize recipes; accessibility to videos for quick reference on training and cleaning machine; improved technician diagnostics; back-of-house data; free software updates; customizable exhaust system timeout; and so much more.

**BIB Oil Level Sensor & Bucket Pump**  You don’t have to question what your oil levels are. Located next to the popper controls, this sensor conveniently displays how much oil is left in the Bag-in-Box (BIB) oils. Available on Elite Popper™ Series only.

**Kettle Guard**  Take the extra step in safety with Kettle Guards, which help to prevent accidental kettle burns. Available on large poppers only.

**Salt/Sweet Switch**  Available on larger electronic poppers (i.e., Big Eye) kettles, the Salt/Sweet Switch gives you the option to pop sweet popcorn at the proper temperature, preventing sugar from burning.

**High Top Kettles**  Expansion is made easy with High Top Kettles! Designed for 32-oz and 52-oz poppers, the taller lid creates as much as 30% more space, allowing you to pop to the max.

Gold Medal Poppers 5
**Which Popper Is Right for Me?**

Here at Gold Medal, we design our equipment to be user-friendly, making it easy, efficient, and cost-effective to implement at any location. But how do you know which popper is right for you? Here are 6 questions you need to ask yourself before you go to purchase a popper. Then check out Gold Medal's popper category selections to see which popper is right for you.

1. **How will the popper be used — what venue?**
   - Will it be used at a school concession stand, office, bar, fundraiser, carnival, stadium, zoo, cinema, etc.?

2. **Who will be operating the popper?**
   - Volunteers, adults, young adults, bartender, seasonal help?

3. **How many servings of popcorn do you need to make in 1 hour?**
   - Pop up to 60-160 oz of popcorn per hour.

4. **How much space do you have for the popper?**
   - Does it need to fit on a counter/does it need to be a floor model?

5. **How much electric is available?**
   - 15 amp, 20 amp, 30 amp, etc.?

6. **Who will be responsible for cleaning and maintaining the popper?**

PopClean® Elite Popper® Series
Large Venues • Cinemas • Stadiums

Complete with a durable all stainless steel construction, these large-venue poppers include a state-of-the-art, 3-stage filtration system that removes oil and grease-laden vapors from exhausted air, and a built-in fire suppression system to meet local fire codes*. PopClean® has earned the FDNY Certificate of Approval #5830. Ask your Sales Representative for details.

Features
- Built with an easy-to-clean and durable all stainless steel construction
- Meets health and safety standards by exceeding UL710B requirements to less than 5 mg of particulates per cubic meter of exhausted air
- Big Eye Electronic Heat Control gives a visual light and audible notice for loading or dumping kettle
- Easy-to-clean membrane keypad (standard)
- Convenient temperature and counter display
- Salt/Sweet and Flexipop® standard
- Three-stage filtration system
- Oil level display
- Easy-to-follow prompts for training
- Twin kettle units available
- Ask about Touch Screen Control upgrade

Benefits
- Eliminates the need for a vent hood system
- Reduces contaminants that affect digital projection systems

Note: Minimum clearance is 18” from the top of machine to any exhaust or opening to combustible surface above the unit.

Our fire suppression system is an Ansul R-102 wet system. The system charge and arming must be performed by an Ansul certified fire suppression agency. Our customers can go to Ansul.com to locate a qualified local agent. The Fire Suppression System is fully assembled and a tank is provided for the liquid fire suppressant agent. The fire suppression company will fill the tank with 3 gallons of Ansulex liquid agent. In addition, they will install the CO2 cartridge to propel the liquid agent. The standard cartridge is a 101-20 for most of our poppers. If it is a twin popper with a deep well, they will require a 101-30 cartridge. All links and other hardware are provided. The technician will then arm the system. Typically, every 6 months they will come back to inspect the system. The cost for charging and arming the system is the responsibility of the end customer.

*Check code requirements of your local health department and fire marshal.

Flavacol®

The World’s Most Popular Seasoning Salt

Flavacol® is made using a proprietary process that results in salt with a finer flake, not a crystal. The result is more salt sensation – but with less sodium.

A far better buttery flavor than any other brand

- Available in the original profit-maker formula, Premier (natural color), or Better Buttery (BB) taste
- Comes in handy quart-size cartons, 45 lb pail, or 50 lb bulk pack
- Gluten-free
- Featured in all Mega Pop® Portion Paks

Want to sell more popcorn?

Then Flavacol® is your secret ingredient! Worldwide, more popcorn is popped with Flavacol® Seasoning Salt than any other.

The reasons are simple: sophisticated processes remove trace minerals in salt that can lead to bitter taste, and the right blend of ingredients brighten the color for maximum sales appeal.

Most importantly, Flavacol® adds an even bigger, buttery taste, so you sell more popcorn and make more money.

<td><strong>Elephant Ears</strong></td>
<td>This is fried dough at its finest. Elephant Ears – or Frying Saucers – are made by frying a large 12” disk of dough, then smothering it with butter and cinnamon sugar. It’s a low-cost, great-selling festival treat, and by far among the easiest fun foods to make. Added to flour and water, each bag of our mix produces 30-32 ears, and cooks well in any shallow fryer (shown here in a #8049D FW-9 Shallow Fryer).</td>

Food Allergens

Required by law as of January 1, 2006, food producers must list food allergens on all food product package labels.

A food allergen is any edible substance that causes a person to have an allergic reaction or something to which a person would have a strong aversion. According to the Food Allergen Label Consumer Protection Act (FALCPA), governed by the Food and Drug Administration (FDA) of the United States government, there are eight predominant food allergens: milk, egg, soy, fish, wheat, peanuts, tree nuts, and crustaceans.

There is no cure for a food allergy; only strict avoidance of the allergy-causing food can prevent an allergic reaction. Anaphylaxis is the most severe type of allergic reaction. It is sudden, severe, and potentially fatal. It results when the body’s immune system reacts to otherwise harmless food proteins. The occurrence of an anaphylactic reaction can vary. It can begin very suddenly within seconds of eating a food, or occur hours after having ingested the food. Anaphylaxis should always be considered a medical emergency, as it may result in brain damage or death.

Anaphylactic symptoms can include:
- Hives
- Swelling of the lips, tongue, and throat
- Nausea
- Shortness of breath, wheezing
- Drop in blood pressure
- Loss of consciousness

For more information about food allergies visit www.foodallergy.org.

To verify if an allergen is present in a Gold Medal Products Co. product, read the ingredient label or contact your Gold Medal dealer or distributor.

Food allergen cross-contamination occurs when any allergen is introduced to another or a non-allergen product. When changing products, identify any and all allergens that exist between products. When products’ allergens differ, all contact surfaces and equipment must be thoroughly cleaned with soap and water to avoid cross-contamination.

Gluten

Gluten is a protein in wheat, rye, oats, and barley. Common Gold Medal products that do not contain gluten are Sno-Kone® syrups and concentrates, Flavacol®, Frusheez® mixes, Flossugar, Flossine®, Mega Pop® popcorn/salt/oil kits, Glaze Pop® mixes, Complete Corn Treat mixes, and Caramel, Basic, and Chocolate Corn Treat concentrated mixes. For a comprehensive list of products go to our website www.gmpopcorn.com or contact your Gold Medal dealer.

Suggestions On Ordering

PRICES & SALES TAXES
Every state charges sales tax. We must charge sales tax on all applicable items and to all organizations in AL, AZ, CA, CO, FL, GA, IA, IL, IN, KY, LA, MD, MI, MN, MS, NC, NJ, NY, OH, PA, SC, SD, TN, TX, VA, VT, WA, WI, and WV until the appropriate exemption certificate has been properly documented and sent to us. There can be no exceptions – sales tax laws cannot be violated without serious consequences. Any prices in this catalog are F.O.B. Cincinnati. Prices are subject to change without notice.

SPECIFICATIONS
In this catalog, there may be typographical errors, which we reserve the right to correct. Some photos are of prototypes and actual production may vary. Some specifications are changed to improve equipment during the course of the year. Improving design and equipment performance is a continuous way of life here at Gold Medal.

TELEPHONE ORDERS AND OFFICE HOURS
Gold Medal is open 8 a.m. to 5 p.m. EST Monday through Friday year-round. Call 1-800-543-0862 or (513) 769-7676 for Cincinnati or the 800 numbers shown on the back cover for branch locations and specific directions.

FAX, EMAIL & WEB PAGE INFO
You can contact us 24 hours a day and leave a message. Our toll-free fax order line is 1-800-542-1496.

Methods of Shipment

The best way of getting your shipment to you at the lowest cost is to specify “Best Way” on your order. Our shipping department will use the best all-around routing. PLEASE ALLOW PLENTY OF TIME – all carriers do not render the speedy service as in the past. We use all popular methods of shipment.

SHIPPING CHARGES
Please call for pricing.

TRUCK LINES
With good service from Cincinnati, this is the best method for shipments over 100 lbs. We can prepay freight and add it to our bill, but we must add a handling charge for this service.

PARCEL
UPS is our preferred method of shipping parcels. We charge you the same rate as UPS with no markup. Handling fees will be added to cover additional handling required for parcel shipments. We ship most supply items and small to medium equipment. Larger equipment and some fragile items will not be shipped as a parcel.

AIR FREIGHT
In a hurry? It’s your call – if you pay the freight, you may choose from expedited freight services such as NEXT DAY AIR, or SECOND DAY AIR. When you pay the freight, let us help you “have it your way!”

Directions
Gold Medal’s factory and corporate offices occupy nearly 500,000 square feet – over 10 acres under roof – over 25 loading docks, and we are still growing.

We are very easy to find. From I-75, take Exit 15-Sharon Rd. Go east until you come to Medallion Drive – we are halfway between Sharon Road and Glendale-Milford. Come visit. “Fastop” is our customer service department.

Always be sure to visit our annual Factory Super Sale for hands-on demos and Super Sale Specials.

FAX, EMAIL & WEB PAGE INFO (Cont.)
Our email address is info@gmpopcorn.com. Our phone system receives several messages every day. As soon as we open for business on the next business day, these calls are returned. Many Gold Medal team members have their own direct 1-800 numbers as well. We want to stay in touch with you!

TERMS
If you have not already established credit with Gold Medal, we’re happy to handle your orders on cash-with-order basis, or we accept MasterCard, Discover and Visa. To establish an open account, send us the name of your bank and three firms that extend you open account. We do not ship C.O.D.

RETURNED GOODS
Requests for returned goods should be made by calling Gold Medal Cincinnati, extension 2340 for a “return authorization” (RA Form). No food products or food packaging may be returned. You can fax in your completed RA Form to 513-733-5678.

INTERNATIONAL SALES
Gold Medal is actively represented in many international cities. Call or email us for the name of the international distributor nearest you. Interested in becoming an international distributor? Contact our corporate headquarters to determine if you qualify.
